

Pupil premium strategy and impact review statement Causeway Green Primary School 2017-18

1. Summary information					
School	Causeway Green Primary School				
Academic Year	2017/18	Total PP budget	£265,320	Date of most recent PP Review	n/a
Total number of pupils	463 (Nursery +19 to be added)	Number of pupils eligible for PP	170 37%	Date for next internal review of this strategy	Jan 2018

2. Current attainment		
EYFS 2017	<i>Pupils eligible for PP (2018 your school)</i>	<i>Pupils not eligible for PP (2018 national average)</i>
% achieving GLD	36	72
KS1 2017	<i>Pupils eligible for PP (your school)</i>	<i>Pupils not eligible for PP (national average)</i>
% achieving expected+ in reading	58	77
% achieving expected+ in writing	53	69
% achieving expected+ in maths	63	76
Year 1 Phonics	69	83
KS2 2017	<i>Pupils eligible for PP (your school)</i>	<i>Pupils not eligible for PP (national average)2017</i>
% achieving expected+ in reading, writing and maths	60	67
% achieving GD in reading, writing and maths	3	11
Average progress score in reading	+1.1	+0.3
Average progress score in writing	+1.0	+0.1
Average progress score in maths	+1.7	+0.2

3. Barriers to future attainment (for pupils eligible for PP, including high ability)

In-school barriers *(issues to be addressed in school, such as poor oral language skills)*

A.	Inward mobility with some pupils having English as an additional language. This slows attainment and progress for some pupil groups.
B.	Oral language skills in EYFS are lower for PP pupils than for other pupils. This slows literacy progress in subsequent years.
C.	Poor basic skills for some pupils. This makes it more difficult for these pupils to attain 'expected'.

External barriers *(issues which also require action outside school, such as low attendance rates)*

D.	Poor home learning environment for some pupils. This means that some pupils have limited opportunities to learn at home.
E.	Low baseline of attainment on entry to EYFS. This means that some pupils have to make accelerated progress in subsequent years in order to catch up.
F.	Safeguarding and emotional barriers to learning (e.g. low self-esteem/confidence/social skills). This can mean that pupils are not able to learn effectively until these issues are addressed.
G.	Attendance of targeted groups of pupils. This reduces time spent at school and causes some pupils to make less progress, resulting in lower attainment.
H.	Social and economic factors including life experiences. This can impact upon opportunities to learn and develop understanding about the world.

4. Desired outcomes

	<i>Desired outcomes and how they will be measured</i>	<i>Success criteria (RAG)</i>	<i>Actual impact</i>
A.	Improve outcomes for EAL and inwardly mobile pupils	EAL and inwardly mobile pupils eligible for PP make rapid progress in all areas so that a higher % of PP pupils meet age related expectations	EAL pupils outperformed Non EAL pupils in every subject in every year group.
B.	Improve oral language skills in EYFS	Pupils eligible for PP in EYFS make rapid progress by the end of the year so that a	Gap between PP and NPP pupils in EYFS closed in 2018 but is still below national gap.

		higher % of PP pupils meet age related expectations.	
C.	Improve basic skills in reading, writing and maths for identified pupils	Pupils eligible for PP across the school have improved basic skills leading to a reduced gap in attainment between PP and non PP pupils.	At KS1 PP pupils perform at least in line with national at exp+ and GD.. At KS2 the gap for the current cohort of Y6 pupils has closed throughout the year. Average progress score PP/NPP: PP Re +2.1/ Wr +0.6/Ma +0.6 NPP Re +2.5/Wr +1.2/Ma +1.1 Across the school the gap has not yet closed consistently. There is a large in-house gap between PP and non PP pupils
D.	Improve opportunities for home learning and provide extra support in school to compensate for a poor home learning environment		
E.	Improve EYFS baseline at entry. Interventions enable any children who are behind to swiftly catch up with their peers.	More pupils eligible for PP enter Reception at age related expectation. The gap between PP and non PP pupils quickly closes.	Gap between PP and NPP pupils in EYFS closed in 2018 but is still below national gap. 2016 baseline 0% expected 2017 baseline 37% expected
F.	Safeguarding and emotional issues are dealt with quickly and effectively leading to improved outcomes for these pupils	Pupils eligible for PP who are receiving support for SEMH or have safeguarding issues make good progress.	Pupils who receive mentoring and additional support achieve better outcomes as a result.
G.	Improve attendance overall and PA	Attendance overall is 97% PA is further reduced and remains below national. The gaps in attendance between PP and non PP pupils close further.	Attendance prior to school closure 96.4% (above National). Gaps between PP is smaller than national
H.	Improve opportunities and experiences for children leading to improved outcomes	Pupils eligible for PP have the opportunity to take part in all trips and visits. PP pupils have access to a range of extra-curricular activities. Gaps in attainment between PP and non PP pupils close.	All PP pupils have an opportunity to attend trips and visits. Trips are subsidised or offered free of charge. Pp pupils have free places in a range of extra-curricular clubs including homework, sports clubs and holiday clubs. (see above)

5. Planned expenditure					
Academic year	2017-18				
The three headings below enable schools to demonstrate how they are using the pupil premium to improve classroom pedagogy, provide targeted support and support whole school strategies.					
i. Quality of teaching for all					
Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation ?
C, H	Good to be Green rewards and Growth Mindset training and resources	Good behaviour in class and around school leads to better outcomes for all children. It has been shown that Growth Mindset raises aspirations and outcomes.	Behaviour monitoring Pupil conferencing	SLT	February 2018
A, C	CPD/lesson study for staff	Quality First Teaching leads to the best outcomes. Staff also need training in SEMH interventions to support pupils.	QA processes Pupil progress analysis Intervention monitoring and evaluation	DHT (MS)	January 2018
A, B, C, E	In class support (LSPs)	Progress is more rapid in lessons where lessons are adapted to suit pupils' needs through the use of AfL. Highly trained LSPs enable this process to a greater degree.	QA processes Pupil progress analysis	DHTs	January 2018
H	Forest schools teaching and resources	Boys particularly learn best outside and in active learning experiences. This is being used to close the gap between boys and girls and to provide life experiences to PP pupils.	QA processes Pupil conferencing Outcomes for pupils	Forest School co-ordinator and HLTA	January 2018
Total budgeted cost					£89,306

ii. Targeted support					
Desired outcome	Chosen action/approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation ?
C, E	Intervention- DHT 2 days per week in Y1 and Y4	The most effective teachers are focussing on PP pupils in English support groups. These year groups were chosen as they had the greatest gap in attainment between PP and non PP pupils.	QA systems Pupil progress analysis Gap between PP and NPP in these year groups closes	DHTs	January 2018
C	Reading Recovery	Highly trained 'expert' teacher to teach daily sessions with targeted children. This intervention has proved to be highly effective. The reading recovery teacher also supports LSPs in their delivery of reading interventions across the school.	QA systems Pupil progress analysis	RR teacher	January 2018
B, D	Volunteer Reading Help- 2 visits per week per child	Pupils selected for VRH make good progress.	Pupil progress analysis	DHT (MS)	termly
G, F	Prevention of Exclusion	Support required for pupils at risk of exclusion enables the child concerned (and other pupils) to continue to learn effectively.	Exclusion data analysis Behaviour monitoring	HT	As required
F	Nurture/Mentoring and SEMH staffing and resources	SEMH interventions and support enable a child to focus on their learning and make good progress.	SEMH intervention outcomes (Boxall profiles) Pupil progress analysis	Inclusion Lead	January 2018
D, H	Homework Club after school for PP pupils	Some pupils require the environment and support in order to complete homework. EEF shows that homework has some impact on pupil progress.	Pupil progress analysis	DHT (NS) PP lead	January 2018
A, B, C, E, F	Targeted interventions	Some of our pupils need targeted help to catch up. Pupil progress meetings lead to the creation of termly provision maps. The Inclusion lead uses internal and external evidence to support teachers in selecting the most effective interventions for each child	Intervention monitoring Pupil progress analysis Provision Maps	Teachers/ Inclusion Lead	(included in LSP in class support-above)

H, D	Resources/support for most able PP pupils	Fewer PP pupils reach GDS/exceeding. To close the gap we need to identify the pupils with potential and provide support and opportunities.	Pupil progress analysis	More able Leads TLR	January 2018
Total budgeted cost					£86,051
iii. Other approaches					
Desired outcome	Chosen action/approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation ?
D, H	Reading resources including on-line books Lending library for reading and phonics games and resources for home learning	Some of our pupils do not have access to reading/learning materials at home due to financial/other constraints. By providing these resources and providing support to parents in how to use them, the gap in attainment between PP and non PP pupils should start to close.	Provide necessary budget Review use of library Incentivise attendance	Reading Lead and DHTs	March 2018
D, F, H	Wraparound care (breakfast and after school) and resources	Provision of breakfast is shown to improve children's concentration levels. For some pupils this also provides a calm start to the day and enables a positive approach to learning.	Monitor pupils attending club Review impact on learning behaviours	DHT (NS) PP lead	March 2018
G	Attendance support: Attendance Officer, walking bus (6 staff) and attendance incentives/rewards	We cannot improve attainment for children if they aren't attending school. Attendance is a key step in improving outcomes for pupils.	Review of groups in need of extra focus. Review and adapt procedures.	HT and attendance officer	January 2018
F	Safeguarding Officer, Family Support Worker and resources	The vast majority of pupils receiving this support are PP pupils. Children and families benefit from this support. It enables the children to have a safe and secure home life so that they can focus on learning whilst in school.	Regular safeguarding team meetings Review policy and procedures CPD	Safeguarding Officer/HT	fortnightly

H	Contribution to school trips, extra curricular and holiday clubs/activities	This enables all pupils to experience learning opportunities. It also provides support to parents and families.	Half termly review of pupils accessing extra curricular activities	HT/DHT (NS) PP lead	November 2017
D	Staffed library opening and reading sessions after school	This enables access to reading materials for all families . This enables parents to support their child at home.	Half termly review of attendance	DHT (NS) PP lead	January 2018
Total budgeted cost					£81,464
