What children are taught about bullying

- ▶ In school children learn about bullying through the following ways:
- ▶ Anti-Bullying Week
- ▶ PSHE - Jigsaw lessons
- ▶ Internet Safety
- ▶ Anti - Bullying Poster

Anti-Bullying Week

- ▶ Celebrated in November each year
- ▶ Used as a refresher to remind children of the different types of bullying
- ▶ Follows the theme shared by the Anti-Bullying Alliance
- ▶ Children focus on aspects of bullying and how we can prevent it in our school

PSHE - Jigsaw

- ▶ Being Me in My World - this topic focuses on what makes us happy and how our behaviour can impact on other people.
- ▶ Celebrating Difference - this topic explores how we are all unique and can offer something different to the world we live in. We also discuss what bullying is, how to identify it and what we can do if we find ourselves being effected by bullying.
- ▶ Relationships - in this topic we discuss the features needed to be a good friend, acceptable and unacceptable behaviours towards other people and how to stay safe when using technology.
- ▶ Not all aspects of the Jigsaw curriculum are directly linked to anti - bullying but do encourage children to consider ways they should treat people and be expected to be treated. This in turn builds children's understanding of how to prevent and identify potential bullying behaviours.

Online Safety

- ▶ Safer internet day
- ▶ Online safety is taught as part of computing curriculum
- ▶ Regular online safety lessons taught each term
